

### Introduction

Brief introduction to the subject area, clearly presenting the objectives, skills, sources, and further links.

### Information for teachers and students

Travel

Sustainable travel

### Pool of methods

Introduction

#### “I’m packing my suitcase”

Statements on the given question are named and repeated by the students.

#### “My Dream Trip”

The students describe their future dream trip and present their results as instructed by the teacher.

Elaboration

#### “My Travel Plan”

Based on an internet search, the details of the trip are researched, analysed in more detail, and critically assessed.

Securing results

#### “My Travel Report”:

The planned travel documents from the preparation phase are reflected on and evaluated in terms of sustainability.

### Lesson plan

An exemplary lesson plan for approximately two lessons is provided, too.
